

Do you know which coins are which?

It's important to know what coins (metal money) look like and how much they are worth.

There are four different coins on this page - can you tell them apart?

1. Look at the crayons below- each crayon lists a different amount.
2. Think it over - how much is each coin worth?
3. Color the coins using the color key shown on the crayons.

BONUS: Do you know the names of all four coins shown above?
