

Spend, Save, or Give?

You get to decide!

You have three choices:

1. **SPEND** money on something now
2. **SAVE** money for something later
3. **GIVE** money away

Let's try it!

You've earned TEN dollars (\$10.00).

Will you **SPEND, SAVE,** or **GIVE** your money?

Write down the amount you chose to put in each jar.

Remember – you don't have to choose just one jar!

Now, let's think it over!

No matter which jar (or jars!) you choose, you should always think back on the choices you make.

- Why did you choose the jar(s) you choose?
- Would you choose the same jar(s) if you had **FIVE dollars (\$5.00)**? What if you had **TWENTY dollars (\$20.00)**?
- Imagine you had \$10 in all three jars – what would you use each jar for?
